

Fort Collins, Colorado, November 15, 2019 – FiberLok Technologies, Inc. took home a total of thirteen SGIA Golden Image Awards in seven categories at the recent 2019 Printing United Expo in Dallas, including two Gold medals.

SGIA's annual Golden Image Awards competition recognizes excellence in the printing industry. This year's winners were selected from among 231 entries submitted in more than 50 categories. As in past years, the Golden Image Awards judging panel was impressed by the quality of entries this year. Several judges stated that it was "far above what they had seen in the past, and choosing winners was extremely difficult".

Over the past 11 years, FiberLok Technologies has been one of the most awarded companies with over 110 Golden Image Awards including 27 gold medals. Below is a list of the entries and categories earned at the SGIA 2019 Golden Image Awards, along with their award:
